BIO

Angjelina Vuksani has completed her higher education (integrated diploma) at the Faculty of Economics and Agricultural Policies and the Faculty of Forestry Engineering at the "Agricultural University of Tirana." In 2015, she earned the scientific degree of "Doctor" at the "Agricultural University of Tirana" with excellent results.

Dr. Vuksani has a rich career in public administration, serving as the head of the Risk Assessment Department at the Agricultural and Rural Development Agency (AZHBR). During her professional career, she has contributed to the establishment and consolidation of the National Food Authority (AKU), serving as the head of the Risk Management Directorate and the Risk Assessment Directorate.

As part of the European integration process, she led the group for preparing periodic progress reports on EU-Albania relations, specifically related to Chapter 12, which were presented in Brussels at DG SANCO.

Since 2014, she has been engaged as a guest lecturer at the Faculty of Economics and Agribusiness, as well as the Faculty of Biotechnology and Food.

Dr. Vuksani has made a significant contribution to the research field as the author of dozens of scientific articles both domestically and internationally, some of which have impact factors, as well as publications and participation in dozens of national and international conferences. She is proficient in the English language.
